

OSA - 0668-66

February 1, 1966

GN8653
Patterson
RM

Dear Jerry:

As discussed during your visit on January 7, this letter describes the changes required to Item I of the Work Statement on Contract GN 8653 to reflect the additional scope. This will increase the total contract price by One hundred and fifty thousand dollars (\$150,000) which is broken out in the attached documentation.

25X1A

25X1A

25X1A

The original work statement called for the delivery of four (4) identical flyable equipments. The revised work statement calls for the delivery of two (2) flyable plus two (2) advanced flyable of high power and having improved maintainability and reliability plus further flight testing and simulator testing.

The changes are as follows -

Page 2 - first two paragraphs
Page 4 - Item 3a and d
Page 5 - Item 1
